## RADIATION DOSIMETRY SERVICE REQUEST NEW CLIENT REGISTRATION FORM

### Instructions for completing the application form:

1. Complete all Sections A through E of the form.
2. Please complete the User Registration Form and/or Area Registration Form **for each user/area** to be monitored and attach it to this form. **Charges are applicable for each new registration.**
3. Submit this form and any other applicable forms in PDF format to [radtechservices@shena.gov.bn](mailto:radtechservices@shena.gov.bn) no later than 30 days before the intended start date of monitoring service.
4. Upon receipt of invoice from SHENA, process the invoice promptly to ensure service is initiated on time.

### SECTION A: COMPANY DETAILS

Company/Entity Name	
Company/Entity Address	
Radiation License No. & Activity	
Contact Person Full Name	
Contact Email Address	

### SECTION B: INVOICE DETAILS

Invoice Contact Person Full Name	
Invoice Email Address

## RADIATION DOSIMETRY SERVICE REQUEST NEW CLIENT REGISTRATION FORM

### SECTION C: TECHNICAL CONTACT DETAILS

Dose Report Contact Person Full Name	
Designation	
Dose Report Email Address	
Phone No.	

### SECTION D: MONITORING REQUIREMENTS

Classification of Radiation Activity Type <i>(Refer to Table 1)</i>	
Most Commonly Used Radiation Source/s	
Total No. of Users Requested	
Total No. of Area Monitoring Requested	
Subscription Period Requested	<input type="checkbox"/> 3 Months <input type="checkbox"/> 6 Months <input type="checkbox"/> 12 Months
When would you like to receive your first Dosimeter?	<input type="checkbox"/> ASAP <input type="checkbox"/> Other (specify):

## RADIATION DOSIMETRY SERVICE REQUEST NEW CLIENT REGISTRATION FORM

CODE	FIELD	ACTIVITY	DETAILS
01	Mining & processing	Oil & gas extraction	Includes exploration, extraction, and processing of petroleum and natural gas that may concentrate NORM.
02		Coal extraction & processing	Involves coal mining and processing where radionuclides are present in coal or ash.
03		Minerals other than fuel mineral extraction & processing	Processing of minerals like rare earth elements, phosphate, and titanium that may contain NORM.
11	Medical	Diagnostic radiology	Use of X-ray imaging for diagnostic purposes in hospitals, clinics, or medical facilities.
12		Interventional radiology	Use of X-rays or other imaging for minimally invasive diagnostic and therapeutic procedures.
13		Nuclear medicine	Involves diagnostic and therapeutic use of radiopharmaceuticals, including PET scans.
14		Radiotherapy	Use of high-dose radiation for treating diseases, primarily cancer.
15		Dental radiology	Includes dental X-ray imaging for diagnostics in dental practices.
16		Veterinary medicine	Diagnostic and therapeutic uses of radiation in veterinary practices.
17		Other medical uses	Other uses of radiation in medical fields not covered above, such as research applications.

## RADIATION DOSIMETRY SERVICE REQUEST NEW CLIENT REGISTRATION FORM

CODE	FIELD	ACTIVITY	DETAILS
21	Industrial	Industrial irradiation	High-energy irradiation for sterilizing medical products, food irradiation, or materials testing.
22		Industrial radiography	Non-destructive testing (NDT) using gamma or X-rays for imaging internal structures of materials.
23		Radioisotope production & distribution	Production and supply of radioisotopes for medical, industrial, or research purposes.
24		Well logging	Use of radiation sources in well logging for geological or mineral analysis in boreholes.
25		Industrial gauges	Use of radiation-based gauges to measure thickness, density, or composition in manufacturing processes.
26		Other industrial uses	Other industrial activities involving radiation, such as sterilization, hardening materials, or tracers.
31	Miscellaneous	Educational establishments	Use of radiation for educational or research purposes in universities, colleges, and research institutions.
32		Transport of radiation sources	Transporting sealed or unsealed radiation sources between facilities or geographic locations.
33		Installation and maintenance	Activities involving installation, repair, or servicing of radiation-emitting equipment or sources.
34		Other occupational groups	Workgroups occasionally exposed to radiation as part of occupational tasks but not primarily radiation based.

*\*Based on UNSCEAR Evaluation of Occupational Exposure to Ionizing Radiation categorization.*
